Join us as we discover the animals of our planet through special guest presentations, community-based service and exciting program activities.

Week 4: Kids Off the Grid

Bring the great outdoors to your neighborhood when learning about basic safety and outdoor survival. Learn to build shelters that will withstand the elements, navigate your local terrain and cook snacks using the sun. Put your new skills to the test during our day trip to Camp Namanu.

Day Camp Themes

Week 5: Space and Science

Lift off to worlds unknown as you learn about space, time and computer programming. Become your favorite Star Wars character, craft fashions from another world and use technology to learn about coding and computing. Spend the week with your head in the clouds and your feet on the ground.

Week 6: Shipwreck Island

Imagine you're lost at sea and stranded on a deserted island. Now, think about the fun you'll have when you're making tropical snacks, learning to build floatation devices, playing water games and celebrating with a rescue party! Enjoy a day trip to Camp Namanu this week.

Week 7: Waves 'N Rays

Make a splash in our last week of summer camp! Play water games, go swimming, and hit the splash pad with your friends. Let Camp Fire help you beat the August heat.
