5	6	7	8	9
			Splash Pad	Wheels Day

SEE BELOW FOR FIELD TRIP AND SPECIAL GUEST ACTIVITY DESCRIPTIONS!

Science Tellers

An intergalactic special guest! Discover the unbelievable world of physics and chemistry through exciting experiments, such as: turning liquid into solid “worms” using chemical reactions, learning about Boyle’s law by launching potatoes into the air and making flying rockets!

Day Trips to Camp Namanu

Experience all that our beautiful resident summer camp grounds have to offer all condensed into a day trip! Private, rented busses will depart from site at 9 AM and will return tired campers at 4 PM. Enjoy hikes, critter catch (and release), plant ID, swimming in the pool, archery, lunch outdoors and so much more!

Mad Science

Our friends from Mad Science will be joining us to deliver an awesome experience around “Movie Effects.” Grab your popcorn, but don't sit back...we're going to learn first-hand how advances in science and technology make our favorite special effects possible. It's Einstein meets Spielberg in a class of 3...2...1...Action!

Washington Park

Take a quick trip to one our areas most amazing public parks! We will have a picnic lunch, play on the massive playground, take paved hikes and use the amphitheater to perform our talents during Camp Fire’s Got Talent Week!

Motion Magic

Express yourself through circus, yoga, gymnastics and creative movement. This non-competitive experience offers campers a chance to experience fitness through creative expression and group collaboration. Learn self-confidence as you balance, manipulate, tumble, stretch and dance!

Splash Pad

Willamette Park is walking distance from our summer day camp location at Willamette Primary! We’ll make the quick trip over to play in the water feature, play water games and have lunch in the park.

Wheels Day

Wheels Day is an opportunity for kids to bring their bikes, scooters, skateboards, or skates to camp every Friday! Staff design a safe course on the blacktop while kids decorate, wash, and get their wheels ready to roll. Helmets are required for all things rolling and elbow and knee pads must be worn while riding skateboards or skates.
