

## Registration Instructions for Summer Day Camp 2020

### **1. Choosing a program**

Visit our [Summer Day Camp](#) page to learn about the fun programs we are offering in Portland and West Linn. Once you have decided what you want to enroll your child for, select the “register here” button to get them signed-up for a summer full of fun.

*\*The registration software is not mobile friendly. You can work around this though if you wish to enroll using a mobile device. After you select “register here” you will be taken to a screen that says “mobile enrollment is unavailable”. Select the “home” button then select “full site”. You should now be directed to the desktop version of the registration software and can continue with registration.*

### **2. Creating your account**

*\*If you have previously registered for any programming since summer 2017, you will already have a Camp Fire [account](#). Please skip down to “Enrolling for Sessions” for further instruction.\**

When creating a Camp Fire [account](#), you will initially set it up using your parent/guardian information. As the creator of the account, you will be designated as the head of household. Once the account is established, you will then have the opportunity to add a significant other and children.

To create a Camp Fire account:

- 1) Click on the “[create new account](#)” button.
- 2) On each page complete the required fields then select next to move on.
- 3) As an adult, skip the Date of Birth and instead select “adult (18-99)” as an Age Category. Be sure to check “Head of Household” before moving on to the next step.
- 4) Once you have completed all of the required fields, select “create account and add family member.”
  - At this point you can continue to add as many family members as needed. Be sure to uncheck the “Yes, I am the main contact for my family” box for all additional family members.
  - For any additional adults, designate their Age Category as “adult (18-99).”
  - For children, you do need to enter a date of birth so as to be able to register them for Camp Fire programs.
  - Only include adults who have permission to make changes to the account. Emergency contact and authorized pick-up information will be gathered when you register your child for Camp Fire programs.
  - Please only enter each family member once. If an error is made, the Before & After School Registrar can correct it for you. She can be reached at (971)340-1613 or [awest@campfirecolumbia.org](mailto:awest@campfirecolumbia.org).

Once your account is established, you can log-in at any time to sign-up for programs, see your receipts, check your current schedule, and more!

#### **4. Payment**

To finalize your child's enrollment in Summer Day Camp, you will be asked to enter credit card or electronic check information.

Electronic check is our preferred method of payment as credit card charges incur a small fee with every transaction. Being a non-profit, every bit of savings helps. Using the electronic check method can help save us costs that we can put back into our programming.

1. Once you have decided on a payment method for your child's Summer Day Camp fees, complete all of the required fields. If you would like us to save the method of payment for future use, check the "save this [card/electronic check] for future transactions" box.
  - If you are setting up a payment plan be sure to check the "save this [card/electronic check] for future transactions" box. Then select "next"
    - Review the payment plan then select "pay and finish"
  - If you are paying in full, select "pay and finish".
2. After completing the enrollment, you can choose to "view or print receipt". You can also access this receipt at any time through your Camp Fire account.

#### **4. To view your child's schedule**

After you have completed your child's enrollment for Summer Day Camp you can view their schedule at any time. This schedule will update as changes are made to your child's enrollment whether you add or remove days.

1. From your account's main menu select "registered Camp Fire activities".
2. Change the date range to June 15<sup>th</sup> through August 7<sup>th</sup> for Summer Day Camp then select "monthly layout" as this provides the most user-friendly schedule.
3. Move your child's name to the right and move "FlexReg" to the right.
